**SAN FRANCISCO PENINSULA
CAMELLIA SOCIETY**

Activities, goals, history

- **Annual Camellia Flower Shows** with 1,000 blooms on display. Free entry.
- **Camellia sales** of rare plants raise funds to support community activities.
- **The Society holds monthly meetings** with outside speakers on camellia care and cultural needs, exhibition of blooms, and camellias in garden design. Occasional meetings on other aspects of garden care.
- **The SFPCS is a nonprofit** affiliated with the American Camellia Society and the Northern California Camellia Council.
- **SFPCS cooperates** with other garden societies to promote our common interest in plants and the health of our gardens.
- **Activities are held on the mid-Peninsula.** Members come from San Francisco to Los Altos and from Saratoga and Sacramento. The Society welcomes visitors to its programs and warmly invites your membership.

SFPCS IN THE COMMUNITY

Camellias are beautiful and versatile plants that are well-suited to the Bay Area. Our Society encourages their use in private and public gardens. We also offer cultural information to the public.

Our principal means of doing so is our annual show in February where we sell unusual plants

We plant camellias in public gardens and buildings from Saratoga to San Francisco.

AMONG OUR MEMBERS ARE
Home gardeners with balconies and patios to suburban and large gardens

Landscape Designers

Horticulturists

WE INVITE YOU TO JOIN US
Meetings are in Redwood City at
Veterans Center
1455 Madison Ave.
or
Community Activities Building
1400 Roosevelt Ave.
